YES! If, as the leader of the group you need your own copy of the paperback journal (and don't already own one). In that case, you will want to include yourself in the total number of users.

NO! If, as the leader of the group you already own a copy of the paperback journal. In that case, you will not want to include yourself in the total number of users because each user receives a paperback journal and access to the online course.

Can I increase the number of memberships for my ‘classroom’ after I purchase the “Group Membership Bundle”?

*Unfortunately, not yet. If you did not purchase enough memberships, **please contact us** as adding more memberships to your group is a feature that is not available yet.*
